Non-partisan Policy

The League's advocacy work is issued based, and we arrive at our positions based on careful study and input from our members in communities across the country. We never derive our positions from politicians, and even when candidates or parties support the same issue, we never endorse them. Issues may evolve over the years, but our allegiance will always be first and foremost to the voters. If a party changes its position on an issue, that doesn't mean the League has to change our position to remain neutral. And one politician taking a similar position to the League on any one issue does not make the issue or the League partisan.
